How does it work?

A lifetime mortgage is a loan secured against your home. Equity release will reduce the value of your estate and may affect your entitlement to means-tested benefits.

Cash facility

When you take your loan, you have the option of either taking a one-off lump sum, or a smaller initial lump sum with the option to draw down cash in the future, as and when needed.

If you choose to have a cash facility, any amount can be selected to meet your borrowing needs, provided that the loan to value does not exceed the maximum lending allowed on the specific plan. Any cash draw down is subject to a minimum withdrawal of £2,000 or the full remaining facility has to be taken in a single draw if less than £2,000.

Please note that your cash facility is not guaranteed and is subject to the terms and conditions stated in the loan Offer.

Partial Repayments

You can choose to make repayments of up to 10% of the total cash advanced within each 12 month period without incurring any early repayment charges, starting from the day the loan completes.

A maximum of 12 payments can be made in each 12 month period and each payment must be a minimum of £50.

Repayments made outside of these conditions may incur early repayment charges.

Fixed early repayment charges

If any early repayment charges are applicable, they will always be at a known cost – see table for details. This could be if the loan is repaid in full within the first 15 years of the loan completing, or if partial repayments greater than 10% of the total cash advanced are made in each 12 month period.

Should you proceed with more2life, any charges which may be applicable, will be outlined in your Key Facts Illustration and Offer documentation.

Downsizing protection

Moving to a smaller home in future may be necessary due to a decline in health, or difficulty in maintaining the home. If your new home meets our lending criteria at the time, the loan can simply port to your new home.

However, if your new home does not meet our lending criteria at the time, the loan can be repaid in full without incurring any early repayment charges, as long as the move occurs after a minimum of 5 years from the start date of your loan.
